AMERICA DEMANDS AN OPEN DOOR IN TURKEY

DEMOS ASSAIL SHIPPING BILL IN FIRST TILT

Texas Says Standard Oil Will Be Paid for Transporting Own Products to This Country.

FIRST REAL TEST TO COME MONDAY

Mondell Leads Administration Forces in Behalf of One of Pet Measures.

WASHINGTON.—The big guns on both sides were turned loose in the house battle Saturday over the administration shipping bill.

When general debate, which had run for three full days, ended tonight, opponents of the measure were ready for the attempt to be made Monday to take it fore and aft with amendments, while those who have urged its passage expressed belief that their forces could be held together to put it through, substantially as framed.

Meanwhile absent members were urged to return. The assurance given the president Friday night by Representative Mondell, republican leader, that there were votes enough to pass it, put the opposition to work with renewed vigor. Both factions figured closely on the probable vote to be cast Wednesday for and against the bill, opponents asserting that unless the administration was able to line up and count all its absentees it might be beaten. Telegrams came from many absentees, seeking pairs.

Test Comes Monday
The first real test of the strength will be developed Monday when the house is called upon to vote on amendments some of which seek to strike out vital provisions of the bill.

As a leading democrat of the merchant marine committee by which the bill was drafted, Representative Garrett, Tex., took the principal stand on it as a "no more" speech. He was joined by Representative Pender, republican, Wisconsin; Representative Garrett, Tennessee; the democratic leader and others, while Representative Mondell, republican, chair of the committee, led the opposition. Mondell's committee went to the front with many republicans in its defense.

Mr. Hasty charged that under the legislation proposed by the committee the Standard Oil Company, "will receive money from the government for transporting its own products in its own tankers so it can sell oil costing fifty cents a barrel in Texas for \$7 in Shanghai."

Mondell Closed Debate

The end of the debate, Mr. Mondell declared, "found the opponents of the bill floundering and without a single definite constructive suggestion made or offered."

The position of those opposing the measure, he said, "must be somewhat embarrassing in view of the fact that their attitude is exactly that which best pleases our foreign shipping rivals."

General Pershing To Tour Country And Make Speeches

WASHINGTON.—General Pershing will leave here Sunday on a speaking tour under the auspices of the American Defense Society, which will carry him into several western and middle western states. He is to speak in Minneapolis Nov. 25, and will go from there to St. Louis, stopping en route at his old home at Laclede, Mo., over Thanksgiving. He speaks in St. Louis, Dec. 4, and Chicago Dec. 6.

All of his addresses, will deal with the question of national preparedness and efforts of the war department to build up an efficient defense system in peace times.

Thompson Goes to Represent Local Team at Meeting

Walter Thompson, mogul of baseball at Ardmore, left for Dallas Saturday night to participate as the personal representative of the Ardmore club of the Texas-Oklahoma league at the meeting of the organization called for the purpose of perfecting plans for the coming season.

Some important matters will be taken up at the session, including the transfer of franchises from several of the clubs which participated last year to new entrants among who may be Keesee and Waco, Texas, both cities having made application.

W. J. Heavy Losers

DETROIT.—University of Detroit's football team, showing a dash and driving power that swept back the Washington and Jefferson eleven, won Saturday's game here 29 to 9. The result was a decided upset; W. and J. having been a heavy favorite.

Rexroat to Handle Opal Kinney's Estate

Gov. Russell Charges Plot in Suit Brought by Stenographer

Miss Frances Birkhead, Above, and Governor Lee M. Russell.

JACKSON, Miss.—The whole state of Mississippi finds itself divided into two factions, as a result of the \$100,000 suit for alleged betrayal brought by Mrs. Frances Birkhead against Governor Lee M. Russell.

The suit, brought by the chief executive's former stenographer, is to come up for trial in the federal court at Oxford, Miss., Dec. 4. Since the charge were made last February factions have formed and there have been many heated quarrels over the case.

Miss Birkhead charges in her complaint that, while she was employed by Russell, he betrayed her. Russell not only denies her charges, but rejoins with a counter-charge that Miss Birkhead is merely the tool of his political enemies who are trying to wreck his life.

GOVERNOR WILL PROCLAIM BOLL WEEVIL BATTLE

Ardmore Farm Congress Petition Is Noted at Capital; War to Be Waged on Pests Throughout State.

Gov. J. B. A. Robertson will issue a proclamation early this week designating the week of December 11 to 15 as Boll Weevil Destruction Week, the chamber of commerce was notified Saturday morning by members of the state board of agriculture.

During that week a campaign will be made to stamp out the hibernating pest, in order to stop the weevil before it begins breeding. Propaganda will be sent into every cotton district in the state explaining methods of weevil destruction and what steps should be taken to get the upper hand of the pest.

The idea of such a week was broached by the Ardmore Farm congress at a meeting several weeks ago when Ed L. Spauls, secretary of the board of agriculture, was here and made a talk. The matter was then taken up with the state chamber of commerce, who presented a petition to Governor Robertson, and J. A. Whitehurst, president of the agricultural board.

REWARD OFFERED FOR LOST SULPHUR SLAYER

OKLAHOMA CITY.—Reward of \$750 for the arrest and conviction of George Washington Williams, who disappeared while on trial at Sulphur Friday for a murder, alleged to have been committed at Murray, was offered Saturday by Governor J. B. A. Robertson.

The chief executive offered the reward after being advised by District Judge W. L. Engleton, before whom the case was being tried, that all efforts to locate Williams had proved futile.

Tie in Old Boston

BOSTON.—Neither Boston college nor Georgetown was able to score in a game at Braves' Field Saturday in which for the greater part of the time, the local team was favored with most of the breaks.

INDUSTRIES IN MID-WEST HANG UP NEW RECORD

Employment Is on Increase With Electrical Companies Doing More Business Than Ever

SOUTHWEST STATES SHOW IMPROVEMENT

Several World's Records Broken During Past Year and Prospects Look Brighter.

CHICAGO.—Increased employment and increased industrial activity in the middle-west has set new records for electrical energy used by industries and for passengers carried by public utilities, according to figures compiled by the federal reserve bank of the seventh district and leading electrical utilities. The reserve bank reports the production of electrical energy in the seventh district during September showed an increase of 19.3 per cent over the corresponding month of 1921, while the number of industrial users increased 8.1 per cent.

Makes World Record
The Commonwealth Edison company of Chicago, claiming to be the world's largest producer of electricity which manufactured 1,928,940 kilowatt hours of energy last year, has already broken that record, having surpassed it early this month. In October the company produced 198,635,546 kilowatt hours, said to be the world's record for a single month.

Increased employment in Chicago is reflected in the reports of the surface and elevated lines, made to the Illinois commerce commission. The surface lines carried 4,309,000 more passengers in October than during September, while the elevated lines reported a 5 per cent increase in business.

Southwest Improvement
The Midwest Utilities company, which operates 26 subsidiaries in 15 different states, chiefly in the middle west and southwest, reports a 241 per cent gain in its connected electrical load during the 12 months ending October 1. Subsidiaries of this company serve 387,354 consumers, a gain of 16.6 per cent during the year.

Hepburn Called As Witness for Governor Defense

ADA, Okla.—James Hepburn, Oklahoma county attorney, who is prosecuting the bribery case against Governor J. B. A. Robertson, was subpoenaed as a witness here Saturday for the defense in the hearing Monday of the governor's motion to quash the indictment against him.

No indication was given as to the testimony he would be asked to give, but it was generally thought that it will deal with the formation and conduct of the grand jury that returned the indictment.

Hepburn's name was the last of 35 for whom subpoenas were issued the others were for the most part persons who were said to have appeared before the grand jury.

LIBERTY BOND FORGERS HELD ON \$5,000 BONDS

OKLAHOMA CITY.—Temple and Wade Atkins, charged with passing \$45,000 worth of forged liberty bonds, Saturday were bound over to await action of the United States District court at Muskogee. They made bond of \$5,000. E. E. Knack, former cashier of the First National Bank of Kiowa, through whom the bonds are alleged to have passed, has confessed to assisting in the transaction, according to Ernest Chambers, United States commissioner.

DOZEN MINERS HURT IN POWDER EXPLOSION

CHEROKEE, Kan.—At least twelve miners were injured, two seriously when powder exploded in Hamilton Mine No. 6, near here shortly before noon Saturday. The mine is operated by the Cherokee Coal company and about 100 men are employed there.

PHILADELPHIA FIRE DOES VAST DAMAGE

PHILADELPHIA.—Damage caused by a fire which Friday night destroyed a six hundred foot pier and 16 cars and four scoops, all loaded with coal was estimated at \$300,000. The pier was owned by the Philadelphia and Reading railroad. At least 1,100 tons of anthracite and 8,000 tons of bituminous were burned, it was stated.

CHINESE PREMIER IS LAST TO LEAVE POST

PEKING.—Premier Wang Chung Hui resigned Saturday. The resignations of the entire cabinet have been in the hands of President Li Yuan Hung since the arrest a week ago of Mr. Wen Kan, finance minister, on the charge of accepting a personal commission in connection with the negotiations of a pre-war loan with Austrian and German capitalists.

Ohio Beat Illinois

URBANA, Ill.—Ohio State's football team won its first Western Conference game of the season here, defeating Illinois by a score of 6 to 3. Illinois earned three points with a drop kick in the third period. Ohio State's touchdown came in the fourth period of play after a brilliant 79 yard run by Klee.

WOMAN MARSHAL MAKES GOOD RECORD

Mrs. William Chesley Lewis, marshal of the supreme court of Oklahoma, has set a record for her male colleagues to attain. In one day recently she personally summoned 126 persons to court, and did not resort to the mails. Besides attending to her duties as marshal, Mrs. Lewis does not neglect her home affairs.

VETS BUREAU TO TAKE OVER NEW STATE HOSPITAL

Capacity of Sulphur Sanitarium May Be Increased 40 Per Cent, Hagan Says in Statement.

MUSKOGEE, Okla.—The United States veterans' bureau has renewed its promise to lease the Oklahoma Soldiers Memorial Hospital, Horace Hagan of Tulsa, member of the Oklahoma Soldier Relief commission, announced Saturday, setting at rest rumors that the state's half million dollar institution would not be taken over by the government at its completion January 1. Mr. Hagan said he had received assurances from Dr. Huh Scott, acting director of the bureau, that the government's lease on the institution would become effective as soon as the hospital is completed.

Mr. Hagan also announced that the state's soldier hospital at Sulphur, which the government has leased, is fitted to its capacity and that the commission is preparing improvements to increase its facilities, 40 per cent.

SHIP CARRYING 2,000 ORPHANS IN COLLISION

CONSTANTINOPLE.—The American near east relief steamship Belgavran, carrying 2,000 orphans from Asia Minor, collided with the transatlantic liner New York at the junction of the Bosporus and the sea of Marmara Saturday morning. Allied ships went to their assistance.

Prof. Tiernan Gets Divorce on Thursday; Remarries Saturday

Wife Says She Was Tricked and Will Attempt to Have Divorce Revoked; Judge Is Willing to Listen to the Argument, It Appears.

HAMMOND, Ind.—Professor John Tiernan of South Bend, Ind., and Mrs. Blanche J. Brimmer, of Hinsell, it was announced, were married this morning by Justice Howard Kemp at Crown Point, Ind. The professor, who was divorced on Thursday from his wife, Mrs. Augusta Tiernan, principal in the Tiernan-Poulin paternity case, at South Bend, gave his age as 32. The bride said she was 24.

After the ceremony they left Crown Point immediately, without so far as known, mentioning their destination. The bride, at the instance of the justice, stated she was a widow.

At South Bend, Mrs. Augusta Tiernan who had filed suit for divorce but allowed the professor to obtain the decree

New Court Order Gives Father All Power in Affairs

Friday afternoon an order was issued by District Judge Tom Champion, confirming the appointment of U. T. Rexroat as guardian for his daughter, Opal Kinney, and at the same time setting aside the power of attorney granted J. J. Kinney by Opal Rexroat Kinney some time ago in Muskogee and forever enjoining him from exercising such power in future management of the estate.

By this order pending litigation against all parties concerned have been dismissed, and the affairs of the estate in the future will be administered by Mr. Rexroat.

"Fina" Is Written
As a complete reconciliation has been reached between Mr. Rexroat, his daughter and her husband, Lodie Kinney, it is believed that steps taken Friday have written "fina" to a case that has attracted more than state-wide attention for the past year.

Under the terms of the order granted by Judge Champion Friday, Mr. Rexroat will have complete charge of the estate of his daughter, and must make an annual accounting to the court the same as in other guardianship matters.

The case has been sent back to the county court, where all probate matters are adjudicated, and from now on will be under the jurisdiction of that court.

Committees Probe Hasty Withdrawal Of Stock on Curb

NEW YORK.—The three committees of the New York Stock Exchange have begun investigation of the conditions surrounding the listing of shares of the North American Oil Company on the exchange. The stocks listed Wednesday were withdrawn suddenly yesterday when the best bid was for \$19 per share. The stock had closed at \$39 Thursday when about 1500 shares changed hands.

This was said to be the first time in the history of the exchange that a stock listed on one day was stricken from the list after one day's trading. Striking from the list is unusual and happens only when one corporation has been merged with another, when its transfer office is closed here, or when, for some reason or another the governors of the exchange believe that a corner has developed in the stock.

Nebraska Takes Championship of Missouri Valley

LINCOLN, Neb.—University of Nebraska clinched the championship of the Missouri Valley conference here Saturday afternoon, defeating Iowa State College (Ames) by the overwhelming score of 54 to 6. At no time in the entire contest was Ames a formidable foe, although they tried desperately to score by means of forward passes that failed to gain much ground. Their only score came in the second period when on the fifteen yard line, Roberts shot a forward pass to Walters for the distance.

Nebraska piled up her heavy score by playing consistent football.

Wisconsin's Ill Luck

STAGG FIELD, CHICAGO.—Wisconsin's fighting eleven, beaten 3 to 0, three weeks ago, by Illinois closed like a vice on Chicago's famous line-smashing back field here and battled the Maroons to a scoreless tie. Saturday's tie marked the Maroons' first failure to win in a conference game this season.

MANY INJURED AND DEAD IN MINE BLAST

TUSCON, Ariz.—A gas explosion in the anthracite mine No. 4 of the Albuquerque and Ceresco Coal Mine at Madrid, N. M. 25 miles south of here, resulted in the death and injury of a large number of miners, according to reports reaching here.

Local physicians were summoned and a baggage car is being rushed from Albuquerque to take the dead and injured to that city.

EIGHT MISSING AFTER BIG COLLEGE BLAZE

WINNIPEG, Man.—Father Bourke announced last night to the Canadian Press from the Archbishop's Palace, St. Boniface, that 8 persons were missing as a result of a fire which destroyed the college there Saturday morning.

Father Bourke stated that four bodies had been recovered but not identified, leaving four still unaccounted for.

OBSERVERS TAKE ACTIVE PART TO EXPLAIN POLICY

Mr. Child Reiterated Statement Contained in Note of Oct. 30, and Powers Take Notice.

ATTITUDE PLEASING TO THE NEUTRALS

Impatience Displayed By Invited Powers at Lausanne Conference.

LAUSANNE.—America gave Great Britain, France and Italy a hard jolt Saturday when her spokesman, Richard Washburn Child, declared that the United States government has the support of the American public in its opposition to all secret treaties and agreements, particularly those designed to create zones of economic and commercial influence, such as the San Remo tripartite agreement of 1920 which apportioned the Mesopotamian oil fields among the three big powers.

Mr. Child's exposition was merely a re-statement of Secretary of State Hughes' address of Oct. 30, in which he defined for the benefit of the British, French and Italian governments the functions of the American observers to the Lausanne conference and broadly outlined America's open door policy for the Near East—but it was a re-statement under conditions that made it sensational.

Was a Clear Warning

It came as the conference was about to begin consideration of Turkey's Asiatic boundaries, and it was clear warning that America will not remain silent if the three inviting powers insist upon preferential rights in oil, mineral, railway and power development in present Turkish territory or that in which was doped off by the war.

The Turkish delegates already had made clear that they would insist upon their country sharing in the Mosul Petroleum fields of Mesopotamia which the three inviting powers have reserved for themselves; consequently, it was not displeasing to the Turks for the United States to go on record against the San Remo agreement.

Impatience Noticed

It was not possible for the delegates of the inviting powers to conceal their impatience of America's insistent reiteration of her policy which they resent especially because of her refusal to accept a vote in the conference, to sign any report or to accept any responsibility further than to act as an adviser.

The American observers, it was remarked, were dropping into the Lausanne conference and displaying a disposition to enunciate the American policy which is quite unlike their retiring attitude at previous European conferences and which is causing much surprise among the other delegations.

The new American attitude, however, is affording great satisfaction to the neutral countries represented here.

Eustace Ousted as Christian Science Trustee on Friday

BOSTON.—Dismissal from the Christian Science Church of Herbert W. Eustace, who, as a trustee of the Christian Science Publishing Society joined in the filing of the bill in equity against the directors of the church which resulted in prolonged litigation, was made known Friday. The directors made public correspondence passing between Eustace and the board and a copy of a resolution passed by the directors on October 24.

This resolution said that after examination of complaints by members of the church that Eustace had been working against the interests of the church, the board had dropped his name from the roll of membership. The resolution also revoked his authority to act as a teacher of Christian science.

MANY INJURED AND DEAD IN MINE BLAST

TUSCON, Ariz.—A gas explosion in the anthracite mine No. 4 of the Albuquerque and Ceresco Coal Mine at Madrid, N. M. 25 miles south of here, resulted in the death and injury of a large number of miners, according to reports reaching here.

Local physicians were summoned and a baggage car is being rushed from Albuquerque to take the dead and injured to that city.
